Jane Sulima
647 Welsh Road
Philadelphia, PA 19115

Dear Mrs. Sulima:

As we discussed during our March 31 telephone conversation, EPA is in receipt of your letter dated March 19 (actually received March 28), and we'll need some time in answering your 55 questions and statements.

Project Manager Donna McCartney will have to answer the largest portion of the letter, along with doing all of her other projects. Therefore, it might take four weeks from this date before you receive an answer. We want to be sure your questions are responded to accurately. If we need clarification of any of your questions, we'll contact you.

Hopefully, this is a sufficiently reasonable response time for you. Continue to contact me at 215-597-4164.

Sincerely,

A handwritten signature in cursive script, reading "Nanci Sinclair", is written over the typed name.

Nanci Sinclair
Public Affairs Specialist
